Red Dye Marker 20ltr 135mm x 95mm 100%

DIRECTIONS FOR USE:

SPRAY MARKING: Suitable for use with both liquid and powder products and can be used to help identify sprayed areas.

FOAM MARKER DYE: Where a coloured foam is required for foam markers, add at the recommended rate to the dilute foam mixture.

Rate of application

RATE	VOLUME	CRITICAL COMMENTS
5 - 10 mL	per 10 L of spray solution	Use the higher rate if more intense colour marking is required.
50 - 100 mL	per 100 L of spray solution	
20 - 30 mL	per 10 L of foam marker diluted mixture	Will convert white foam to pink for easier identification in specific situations.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

A red marker dye to assist in the identification of sprayed areas.

A convenient, economical method of minimising spray wastage. When used as a foam marker colouring agent, white foam will become pink in colour to assist identification.

MIXING

Premix Reactor Red Dye Spray Marker Dye with water and add to the spray tank first.

Agitate or mix thoroughly in the tank before adding any other product.

Important: When using with amine based products such as 2,4-D and MCPA 500, ensure that the Reactor Red Dye Spray Marker Dye is thoroughly mixed with the water before adding the herbicide.

Wash out spray equipment thoroughly after use. If product residue is left in equipment colouration of subsequent sprays can be expected.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool, well ventilated area. Do not store for prolonged periods in direct sunlight. Triple rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

SAFETY DIRECTIONS

Do not swallow. Avoid contact with eyes and skin. Do not inhale spray mist. If product on skin immediately wash area with soap and water.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.
