

SureFire[®]

ALL WEATHER BLOCKS RODENTICIDE

One Feed – Fast Acting

All Weather Blocks Rodenticide

- providing you with the power of a single feed, high palatability, brodifacoum-based rodent bait.

developed & manufactured by PCT
— an Australian Company.

SureFire

SureFire All-Weather rodenticide blocks are a brodifacoum based formulation featuring our enhanced blend of food-grade materials which have been demonstrated as providing superior palatability and attractiveness to rodents. They also contain a powerful bittering agent to reduce the likelihood of accidental consumption by children or animals.

SureFire All-Weather Blocks come as an extruded wax block with an average weight of 15gm and are packaged in sizes ranging from a 150g soft pouch to an 8kg plastic pail.

• REGISTERED FOR PERIMETER FENCING APPLICATIONS

- Use indoors or outdoors
- Particularly suitable for use in damp situations
- Contains human taste deterrent to reduce likelihood of accidental consumption by children.
- One feed—fast acting

SureFire All-Weather blocks are complemented by our mice and rodent station products in the SureFire range.

APVMA Approval No: 59876/1107

Pack sizes:

150g & 1Kg soft pouches

2.4 Kg & 8Kg pails
